**Re; 06.135 - Proposed residential development of 170 No. dwelling houses at Ballymany, Newbridge, Co. Kildare for Glan Developments Ltd.**

Dear Nora,

Thank you for meeting with us yesterday regarding your clients proposed development and the 38kv overhead lines and underground cables on the site.

I wish to confirm the following 38kv lines can be undergrounded in accordance with our requirements and as discussed yesterday on site:-

- Disconnected 38kv circuit from Newbridge 110kv Station to Ballymany.
- Newbridge 110kv Station to Athgarvan 38kv Station – 38kv Line at Ballymany Feeding Circuit ID 502855331.

Please Note on the attached map that there is a National Monument marked in proximity to the 38kv Mast for which your client Glan Development LTD are to engage with Horse Racing Ireland for a 3m cable route wayleave to this location. Costs which may be associated with Archaeological Survey and attendance at this location must be borne by your client.

Please contact me if you feel I can be of further assistance.

Yours Sincerely

Pat Nugent
